Mr. Grant - that is the standard practice and the HR team is aware of your concerns. We have your contact information and will ensure any additional follow up is addressed properly.

I'd like to request that we limit correspondence for now to my email and the HR leaders included on this email. I'll continue to keep senior leaders apprised of the case but would ask that we spare their inbox for now, if possible.

We will be in touch soon.

Ms. Harris,

I am sending this to inform you that I have had my access to the Delta servers removed. So if someone send me information on Delta, coincidentally my access has been restricted. I can not respond or inform anyone of anything in the Delta server.

Thank you for your time.
